**To:** DOA Public Records Board Comments  
**Subject:** rescind action to limit access to public records

This message is being sent to request you rescind all action to limit access to public records. As public servants, State employees, administrators and politicians work for us, the public. ANY and all communication made in the course of those jobs, on work time, should be open records and accessible to the public. I believe in open government and ethical handling of the public trust, including open communication and sharing of that information when necessary. This board has an obligation to keep public records public. We ought to be able to know what our elected officials are doing on the jobs for which we are paying them.

W. Janssen
