**Subject:** secretive decisions

I strongly object to the efforts to limit access to public records. Why the efforts at secrecy? What are those pushing for limited access trying to hide? Obviously, they are trying to hide something! Is this still a democracy? Or, an oligarchy? As a citizen of this country with the right to vote, this will be an important issue when I vote. It is appalling that this is a constant push by a few to keep citizens of this country out of the loop in a supposedly democratically functioning government. I will talk about this issue with friends and others to alert them to this attempted take-over of our rights.
